

OLYMPIC RAINBOW

Curriculum Forecast Autumn 2020

The Olympic Rainbow Curriculum uses the following schemes of work to accredit pupils' achievements:

- EQUALS Moving on
- AQA Unit Award Scheme
- ASDAN Personal Progress
- Arts Award - Discover

Literacy

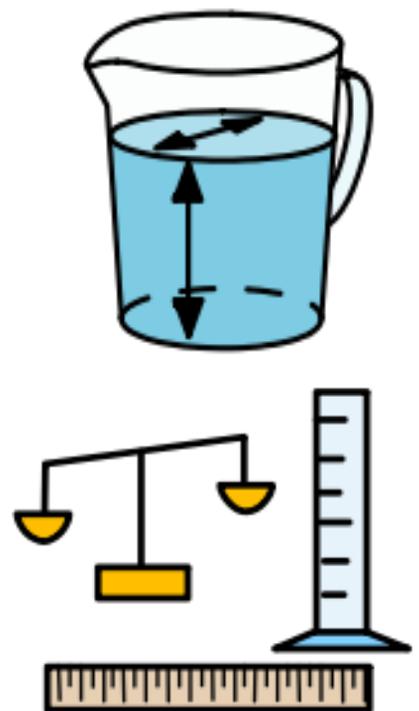

Our topic this term is 'Letters and Postcards! Pupils will be learning how to layout a letter, write a letter, send a letter and read a reply. We will also be sending electronic letters... emails. During the second half of the term we will be learning about postcards, pupils will learn when you might send a postcard, how to send a postcard and will even be creating their own Christmas Postcards to send to family and friends.

Numeracy

This term we will be focusing on Measurement. During the first half term we will be exploring language related to capacity and how it applies it in real life situations such as shopping or cooking. There will be lots of practical opportunities for pupils to practice using measurement by following recipe's for different food and drinks.

During the second half of the term we will be exploring length, pupils will be learning how to measure using a ruler and tape measure and record results.

Physical

Pupils will be taking part in PE sessions this year weekly on a Tuesday, lead by a Youth Dreams Sports coach.

Olympic Rainbow will be continuing to take part in Goldhay Arts Dance and Fitness sessions virtually on a Wednesday morning.

Please can they come to College in appropriate clothing on these days.

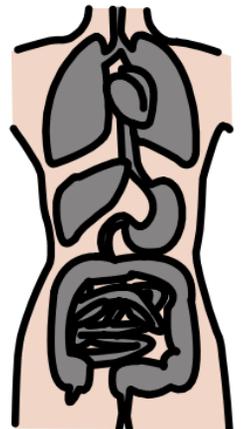

Vocational Studies

During the first half term we will be looking at anti bullying and how to be a good friend. This topic will explore physical, emotional and cyber bullying in different contexts such as at home, college and in the workplace.

During the second half of the term we will be learning about self presentation. Pupils will be learning how to dress for an interview and work situations, including why uniform is important. Pupils will also be learning to greet people and present information to others.

World Studies

In World Studies this term we will be looking at the Human Body. Pupils will be learning about different parts of their body such as their skeleton, heart and lungs. Pupils will be learning about the importance and function of body parts in staying fit and healthy.

Independent Living

During the first half of the Autumn term we are going to be learning about 'Personal Hygiene'. Pupils will be learning the importance of hand hygiene, dental hygiene and clean clothes. We will be practicing good hygiene routines and using different products.

In the second half of the term we will be looking at 'Body awareness and physical changes'. This will include pupils looking at ageing from birth to being an elderly adult and considering how their bodies have changed. We will also be learning the names of body parts including private areas and learning about the importance of personal space. During this topic will also be touching upon consent and inappropriate touching.

Pupils will be continuing to cook their own meals weekly, this will be on a Thursday. Due to the Coronavirus situation, pupils will not be shopping for their own ingredients, they will however be choosing what they would like to cook. Where possible we will order food via a delivery or click and collect service.

ICT

In ICT pupils will be exploring the world of Photography, we will be developing skills in taking different photos using laptops, IPADS and camera's. We will also be developing ICT skills in editing photographs, printing photographs, adding them to documents and we will even be making our own photo products.
