Accreditation report- Yr. 14 Leavers

Academic Year 2020-2021

KEY STAGE 5 (KS5) ACCREDITATION OVERVIEW

Typically, KS5 yrs. 12, 13 & 14) pupils in Olympic College (OC) or Rainbow Olympic College (ROC) are following the curriculum journey that allows for suitable and meaningful accreditation to be undertaken. Both classes are working on different strands of our 'Stepping On' curriculum. Our Post-16 students are lower achievers academically and have a lower cognitive ability. Olympic students tend to need support with independence skills and accessing the community and need to continue their Post-16 education with a higher level of adult support than mainstream colleges can offer.

ASDAN (Award Scheme Development and Accreditation Network) is a British education charity and awarding organisation, it provides curriculum programmes and qualifications to help young people develop knowledge and skills for learning, work and life. All of KS5 have participated in the ASDAN Personal Progress course. This supports Post-16 learners to gain life skills from (mostly) community –based activities, preparing them for life after school / college. Of course, the community element of this course was disrupted due to the Covid pandemic and the knock on of us being to access the community during and after lockdown. Olympic College pupils access ASDAN Workright - Workright provides a framework to enable students to develop a range of basic transferable employability skills.

ARTS AWARD is managed by Trinity College London in association with Arts Council England and was launched in 2005. The programme develops creativity, leadership and communication skills. Through Arts Award young people learn to work independently, helping them to prepare for further education and employment.

AQA The AQA Unit Award Scheme (UAS) is a unique recording of achievement scheme, rather than a qualification. It offers learners the opportunity to have achievements formally recognised with a certificate each time a short unit of learning is successfully completed. It also allows units to be adapted to suit particular students, as well as the ability to write our own units. When a pupil gains a UAS, the statement shows all the skills, abilities, knowledge and understanding which has been achieved. AQA UAS is mainly accessed by our ROC students, as the scheme allows the achievements made to be bespoke and individualised.

EQUALS is a not-for-profit registered charity, committed to supporting the work of teachers, TAs, schools and parents/carers of pupils with profound and multiple learning difficulties (PMLD) severe learning difficulties (SLD) and moderate learning difficulties (MLD).

Work with EQUALS provides the pupils with 'recognition of achievement' rather than a formal qualification.

OCR is a leading UK exams and accreditation awarding body. The OCR Life and Living Skills Entry Level qualifications provide learners with high quality, nationally recognised qualifications. The Life and Living Skills suite is a comprehensive range of versatile and adaptable qualifications, with no minimum entry requirements. We can choose from over 150 bite-sized units across a wide range of skill areas; including pre-employability, personal and social skills. The accreditation awards run in an order- with a diploma being the highest award possible within each Entry level (1, 2 or 3.)

OCR Diplomas were purchased for each current year 14 Olympic College student when they entered Olympic College in year 12. However, we no longer offer OCR to our Post 16 cohort of students as the pathways of expected outcomes have become clearer and more specific. The pupils achieved in other, more relevant areas, which prepared them for leaving school and adulthood. Any OCR units achieved earlier on in their three-year Olympic career have been reported below.
