

Parent Engagement

Parent Evening Attendance and Questionnaire Feedback

April 2023

Parent Evenings

At the beginning of Summer Term 2023, parents were invited to attend face to face or virtual / telephone meetings with class teachers.

Each Pathway had a week in which to offer meetings to parents, with all parent evenings taking two weeks overall to complete.

Annual EHCP review meetings are statutory and many were already booked to take place and so therefore attendance at an EHCP meeting counted as parental engagement.

Below are the results showing the parental attendance of the whole school.

Parent Questionnaires

We are continually trying to engage and connect with our parents and carers.

We sent out an online questionnaire via our communication system, Class Dojo during April / May 2023

This questionnaire invited parents and carers to respond to a few questions about their parent evening attendance.

The questionnaire was sent out a total of three times over a two week period of time.

In total, 66 of our 206 parents responded

If you didn't attend, can you tell us why?

Had a phone call which was easiest as it was **Marcus** birthday that day and Mr Leslie phoned me before the children arrived home which was good

not communicated or informed

both parents replied - one attended parents evening, one didn't

Because I didn't have any emails about it but also we had our annual review just the day before so I assume it was covered.

Teacher didn't invite to parents evening as knew they annual review was taking place
